### How are decisions made regarding school delays and closings?

Decisions regarding school delays and closings - In NLISD, we have several people who begin driving the roads in all areas of the district at 4 a.m. so that we can make a decision shortly after 5 a.m. In addition, we call the area school districts to see what they are doing about school closings. Sometimes it is very clear what the decision will be the night before; most of the time, however, the decision needs to be made that morning.
